OGC Has Reviewed

THRU : Acting Chief, Finance Division
Comptroller
Acting General Counsel

6 August 1951

Legal Assistance in the Finance Division

1. Reference is made to your memorandum, dated 23 July 1951, concerning the above subject. At the present time this office is not in a position to detail an individual to your Division.
2. We have read with interest your discussion of this matter and are also aware of the contemplated increase within the operating offices. As suggested by you we should like to discuss the matter in greater detail, reviewing the number of agent cases on hand.
3. It may well be that detail of a member of this staff to work with the Finance Division would result in a saving of time and personnel. However, as stated above, such assignment is impossible at the present moment. It is expected that certain increases will be approved for this staff at which time your request will receive full consideration. For the present, the members of the legal staff having their offices in "L" Building will make every effort to advise and assist your Division.
